

Accessibility to Parish Council Meetings

Boxley Parish covers a large area. The Parish Council has a commitment to engage with its residents and communities and so moves the location of its monthly Parish Council meetings to different venues.

The Parish Council has no control over the facilities of the local venues it rents for meetings but recognises that some are not as well equipped as others. Below is a summary of the facilities at the various venues.

If you have a disability or handicap and wish to attend/address a meeting and the venue is not suitable for your needs then please contact the parish office or ask to speak to the Clerk / Chairman when you reach the venue. The Parish Council will find ways and offer you help to access a venue or to get your opinions before members.

Boxley Parish Council operates a committee system and the committees meet at Beechen Hall.

Venue	Wheelchair Access	Car Parking	Disabled Toilet	Hearing Loop
